Baxter Critical Care Institute

CLINICAL EDUCATION
INTENDED FOR
HEALTHCARE PROFESSIONALS

YOUR EDUCATION PARTNER FOR AKI MANAGEMENT AND ORGAN SUPPORT THERAPIES

At the Baxter Critical Care Institute, we want to support you in your AKI and organ support therapies programs through education. Our goal is to help build confidence in therapy delivery, supporting the challenges that arise in the complex critical care environment.

Aligned with the unique needs of your hospital, ICU, and staff, our customized programs, accessible therapy education, and experienced team help deliver consistent and quality treatment while promoting patient safety.

Our versatile multi-channel approach builds on global insights and knowledge-sharing to ensure that our educational offerings are state-of-the-art and support you in delivering care to your most critical patients.

DESIGNED TO ENABLE CONFIDENCE AND CONSISTENT, QUALITY TREATMENT

Our programs are designed to provide opportunities to share clinical knowledge with a strategy of supporting enhanced patient care. Through our education programs, we strive to help simplify processes and streamline non-standardized workflows to promote consistency, patient safety, and quality treatment.

ENGAGING, VERSATILE EDUCATION TAILORED TO YOUR HOSPITAL

Our wide variety of learning resources enable us to customize and structure multi-channel training programs with specific training schedules to match the knowledge level unique to the needs of the hospital, ICU, and staff.

GLOBAL INSIGHTS AND KNOWLEDGE-SHARING BROUGHT BACK TO MEET LOCAL NEEDS

Access to clinical experts, insights from global leaders, and peer-to-peer communities, learning and development is ongoing and facilitated through expert knowledge sharing. Enabling research networks and sharing of clinical best practices.
